RoHS Certificate of Conformity

We hereby confirm according to Directive 2011/65/EC of 8th June 2011 (RoHS II) that cables and wires supplied by XBK KABEL are compliant to the restrictions of maximum admissible concentration values by weight of the following hazardous substances:

Lead (Pb) (0,1%)
Mercury (Hg) (0,1%)
Cadmium (Ca) (0,01%)
Hexavalent Chromium (Cr VI) (0,1%)
Flame retardant Polybrominated Biphenyls (PBB) (0,1%)
Polybrominated Diphenyl Ethers (PBDE) (0,1%)

The European Commission has decided to add 4 more substances to the RoHS Directive in Annex II and published it under Directive 2015/863 on 4th June 2015. These substances and its restrictions had been listed as follows:

Bis(2-Ethylhexyl) phthalate (DEHP) (0,1%)
Benzyl butyl phthalate (DBP) (0,1%)
Dibutyl phthalate (DBP) (0,1%)
Diisobutyl phthalate (DIBP) (0,1%)

DEHP, BBP, DBP and DIBP are restricted since 22nd July 2019. XBK-KABEL confirms that to its best knowledge and basing upon the information of our suppliers all cables and wires delivered fulfil these restrictions.

Kind regards

XBK-KABEL
